# ARCH Updates

- Half-way through the year . . . where are we?
  - 404 students have attendance greater than 96%
  - 297 students still have an ARCH ratio of 100%.
  - 532 students have an ARCH ratio above 96%.
  - 50% more home-learning is being submitted than last year.
  - Lates to lesson have reduced on average by over 1/3 since last year.

Ambition, Respect, Care and Honesty

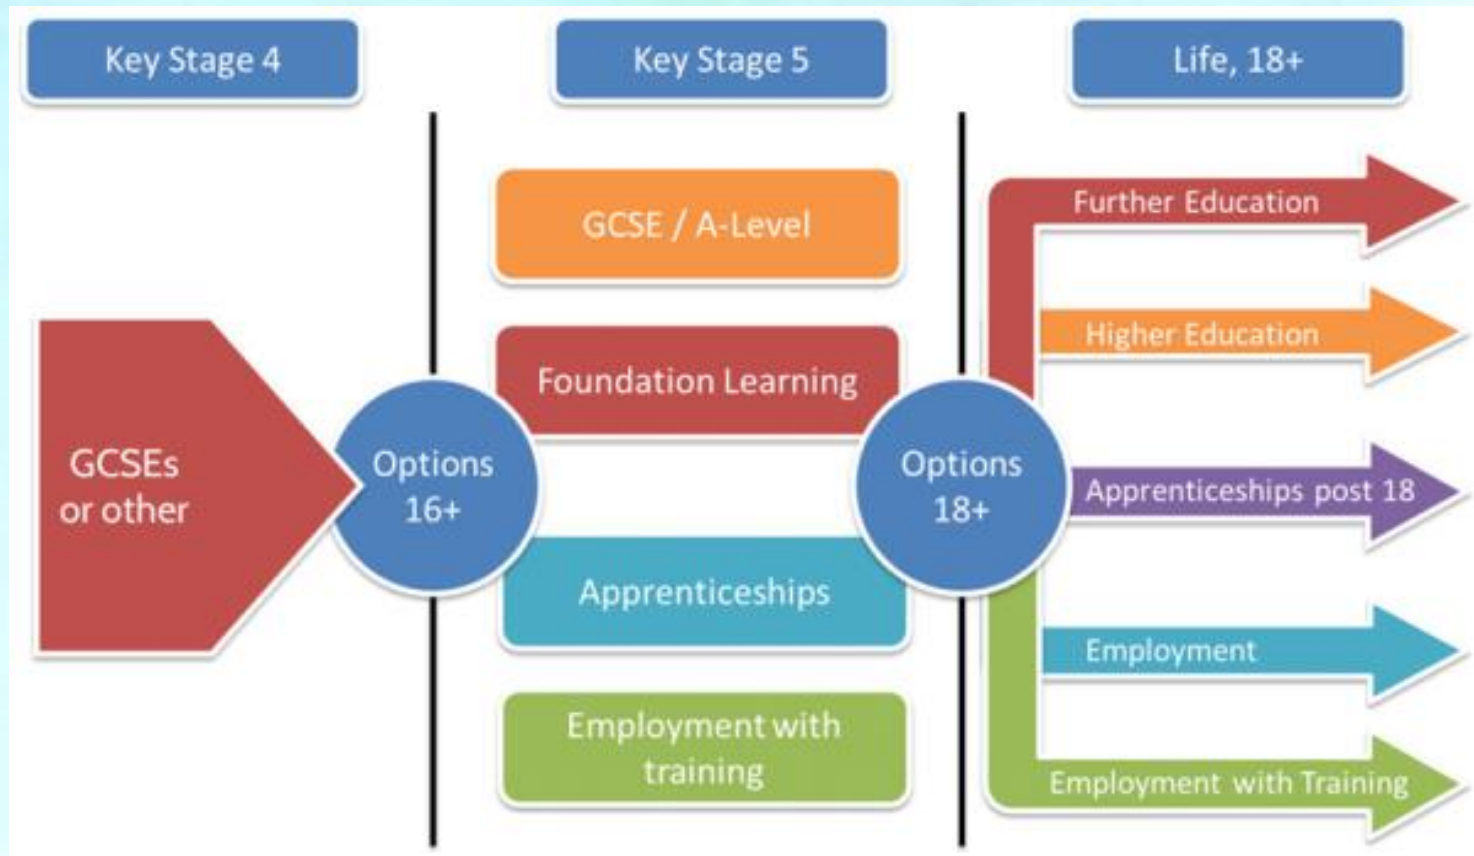

# Impact of THS ARCH targets

- Target attendance in school is 96-100%
- When students attend school 96-100% of the time we would expect their progress to be **approximately half a grade better in every GCSE/ course in Y11** than their peers.
- When attendance drops out of this bracket, there is a significant impact on the progress students are able to make.
