ARCH Days Year 7-10

ARCH days are formulated based upon Government directives and local needs which are identified through the eHna survey (completed in Year 7 and Year 10), student voice and staff voice. ARCH days take place 6 days a year and allow students to cultivate our ARCH values and become fully formed citizens to successfully and harmoniously participate in society.

Topics include:

- Online Safety
- Voting and Democracy
- Sexuality and Development
- Community Cohesion
- Drugs and Alcohol

All work is collated into 6 volumes (ARCH day booklets) and the students then keep these for future reference. If you would like to see a copy of any booklet please contact reception to enquire.
